EXPERIENCE

Urbana Cafe, 2714 Woodburn Ave — *Manager*

January 2022 - September 2023

Each week I was responsible for ordering and organizing the thousands of dollars worth of inventory needed for the shop to run. I also tackled making a two-week schedule for the 10 to 15 employees that worked at the shop. My job required a deep understanding of team management and delegation skills, as I was responsible for overseeing operations at the coffee shop 6 days a week.

Ichiban Japanese Restaurant, 1020 Delta Ave — *Host*

March 2021 - January 2022

Before each shift I would arrive pre-service and would set each table for diners. Once service started I would greet customers and seat them, as well as bust tables. I was also responsible for answering call-in pick up orders and relaying those orders to the kitchen.

Clinton Hills Swim Club, 53 Clinton Springs Ave — *Lifeguard*

May 2020- September 2021

For two summers, I served as a lifeguard. As a part of this I was required to complete a certification course which included CPR training. Each day I was responsible for the safety of hundreds of swimmers and children. I also taught swim lessons as a part of the job.
